Votes shall be recorded. Any member may request that his or her vote be changed, if such request is made prior to consideration of the next order of business.

The “Ayes” and “Nays” upon votes taken shall be entered on the records on all questions called by the president. Any member may request that their vote be changed if such a request is made prior to consideration of the next order of business. Any member may request that a roll-call vote be taken on any question.

QUORUM REQUISITES

Three members shall constitute a quorum. If only a quorum is present, a unanimous vote is required to approve a motion.

Any Board Member may append onto the record, at the time of voting, a statement indicating the reasoning behind the vote, or the reason for abstaining or choosing not to participate interest in a Board matter and abstain from voting.

CONFLICT OF INTEREST

In accordance with ORS Chapter 244, members having an actual or potential conflict of interest must declare it. If the conflict of interest is actual, the member must abstain from voting. If the member’s vote is necessary to meet the minimum number of votes to take official action, and the issue is emergent to the district, the member may vote, but not participate in any discussion or debate on the issue related to the actual conflict of interest.

POLICY 104: PUBLIC RECORDS

Originated: September 9, 2003

Revised: October 8, 2019

Reviewed: March 14, 2023

PURPOSE

The purpose of this Public Records Policy is to establish an orderly and consistent procedure for responding to public records requests; to establish the basis for a fee schedule designed to reimburse the District for the actual costs incurred in responding to public records requests; and to inform citizens of the procedures and guidelines that apply to public records requests.

COMPLIANCE WITH OREGON LAW

The Silverton Fire District recognizes that Oregon Public Records Law (ORS 192.410-192.505) gives members of the public the right to inspect and copy certain public records maintained by the District. The District also recognizes that certain records maintained by the District are exempt from public disclosure, or that disclosure may require balancing the right of the public to access the records against individual privacy rights, governmental interests, confidentially issues and attorney/client privilege. Additionally, when the District receives a request to inspect or copy public records, costs are incurred by the District in responding to the request. The purpose of this Public Records Policy is **(a)** to establish an orderly and consistent procedure for responding to public records requests; **(b)** to establish the basis for a fee schedule designed to reimburse the District for the actual costs incurred in responding to public records requests; and **(c)** to inform citizens of the procedures and guidelines that apply to public records requests.

POLICY

It is the policy of the District to respond in an orderly, consistent and reasonable manner in accordance with the Oregon Public Records Law to requests to inspect or receive copies of public records maintained by the District. When a request is submitted in writing, the District will respond within five business days acknowledging the receipt of the request. The District will have an additional ten business days to fulfill the request or issue a written response estimating how long fulfillment will take. The District is not subject to the response timeframe if the District is awaiting a response from the requester seeking clarification of the inquiry or if the requester has not agreed to pay in advance for requested record(s). Additional time may be needed and will vary based on the size and complexity of the request, availability of staff time and resources, and whether legal counsel needs to be consulted prior to disclosing the requested record(s).

PUBLIC RECORDS DEFINED

Oregon Public Records law defines a public record as:

“any writing containing information relating to the conduct of the public’s business, including but not limited to court records, mortgages, and deed records, prepared, owned, used or retained by a public body regardless of physical form or characteristics.” ORS 192.410(4).

Silverton Fire District

Board Manual

TYPES OF PUBLIC RECORDS

A record may be handwritten, typed, photocopied, printed, microfilmed, and exist in an electronic form such as e-mail or a word processing document, or other types of electronic recordings.

Many public records requests are requests for information that would actually require the creation of a new public record. Public bodies are not obligated under Oregon's Public Records Law to create new public records where none exists in order to respond to requests for information. Although a public body may, if it chooses, create a new record to provide information, the public body does not have to create a new record and only has a duty to allow the inspection and copying of an existing public record.

The District is obligated to provide public records in the format in which they exist. If requested public records are in electronic form, the District will make arrangements to inspect the record with the appropriate device, such as a computer or tape recorder. The District is not obligated to provide a public record in another form, such as a written transcript. The District may provide the public record in an alternative format such as a transcript if it wishes and the person making the request fully reimburses the District for the costs of providing the record in such alternative form. This District will provide records in alternative format at no cost, if necessary to provide reasonable accommodation to persons with disabilities.

The minutes of the meetings of the Fire Board will be maintained by the fire district staff designee and shall provide for information as required by law (ORS 192.650 (1)) and board policies.

The Board secretary or designee will record all proceedings of the Fire Board meetings and file these in chronological order in books provided for that purpose. The official minutes of board meetings, including supporting documents, will be open for inspection by the public at the office of the Fire Chief during regular business hours. Minutes of executive meetings are not subject to this provision in accordance with ORS 192.660.

The Fire District budget, statistical compilations, reports, notices, bulletins, memoranda, minutes of meetings and official communications between governmental branches in whatever form are public records and access to them during normal business hours shall be granted to any citizen upon request.

In accordance with the public records law, certain records, such as executive meeting minutes and personnel records, are not included in the category of records to which the right of access is to be granted by the fire district.

Original minutes and records in any form of executive sessions will not be viewed, reviewed, or released without a written request and subsequent written authorization from the Board of Directors and Fire Chief upon advice from the district's attorney. Any and all cost incurred by the district to produce the requested documentation will be paid by the requesting party for actual costs of producing the records.

PUBLIC RECORDS EXEMPT FROM DISCLOSURE

There are numerous types of public records that are exempt from disclosure. Many of these exemptions may be found in ORS 192.501 and ORS 192.502. Others may be located in other Oregon statutes. A few specific exemptions worth special notice are as follows:

Threatened or Endangered Species - ORS 192.501(13): Certain information regarding the habitat, location or population of any threatened or endangered species is exempt from disclosure.

Personal Privacy Exemption - ORS 192.502(2): Information of a personal nature, such as that kept in a medical or personal file, is exempt from disclosure if disclosure would be an unreasonable invasion of privacy, unless disclosure is in the public interest by clear and convincing evidence. Personal information includes home address, phone number, weight and age.

Public Employees Addresses, Dates of Birth and Telephone Numbers - ORS 192.502(3): The addresses, dates of birth and phone numbers of public employees and volunteers which are maintained by the public body in personnel files are exempt from disclosure.

Confidential Information Submitted by Citizens - ORS 192.502(4): Information submitted to a public body in confidence and not required to be submitted, where the information should reasonably be considered confidential, and the public body has in good faith obliged itself to keep the information confidential, is exempt from disclosure.

Records Deemed Confidential or Privileged under federal and state laws or regulations - ORS 192.502(8) & (9): Communications that are subject to attorney/client privilege, such as communications between District legal counsel and a District staff member are exempt from disclosure.

Social Security Numbers: No social security numbers will be disclosed without prior consultation with District legal counsel.

COMPLIANCE

The District shall fully comply with the Oregon Public Records Law, ORS 192.410-192.505.

Specificity of Request: A request for public records that are in the custody of the Silverton Fire District may be made by submitting a written request to the Fire Chief or his/her designee. The request may be submitted in person, by mail, by fax or by email to the Office Administrator who will coordinate requests received by the public. The request must:

- Include name and address of the person requesting the public record;
- Include telephone number or other contact information for the person requesting the public record; and

Silverton Fire District

Board Manual

- Include a detailed description of the record(s) requested to allow Silverton Fire District to search for and identify responsive records.
- Be dated and signed by the person requesting the public record.

Access: The District shall permit inspection and examination of its non-exempt public records during regular business hours in the District's offices, or such other locations as the Fire Chief may reasonably designate from time to time. Copies of non-exempt public records maintained in machine readable or electronic form shall be furnished, if available, in the form requested. If not available in the form requested, such records shall be made available in the form in which they are maintained.

Certified Copies: Certified copies of non-exempt public records shall be furnished upon request and receipt of payment therefore.

FEES FOR PUBLIC RECORDS

In order to recover its costs for responding to public records requests, the following fee schedule from *Ordinance Number 07-01, adopted on March 13, 2007* by the District:

Copies of Public Records: Copies of public records shall be a minimum \$15.00 per copy page with each additional page to be .15 cents per copy for standard, letter size copies. Copies shall be certified for an additional charge of \$5.00 per copy (Certification document attached).

Copies of Sound Recordings: Copies of sound recordings of meetings shall be imposed such as are necessary to reimburse the District for its actual costs of producing the records per copy.

Copies of Maps and Other Nonstandard Documents: Charges for copying maps or other nonstandard size documents shall be charged in accordance with the actual costs incurred by the District.

Research Fees: If a request for records requires district personnel to spend more than 15 minutes searching or reviewing records prior to their review or release for copying, the minimum fee shall be \$20.00 per hour and additional charges shall be in ¼ hour increments. The district shall estimate the total amount of time required to respond to the records request, and the person making the request shall make payment for the estimated cost of the search and copying of the records in advance. If the actual time and costs are less than estimated, the excess money shall be refunded to the person requesting the records. If the actual costs and time are in excess of the estimated time, the difference shall be paid by the person requesting the records at the time the records are produced.

Additional Charges: If a request is of such magnitude and nature that compliance would disrupt the District's normal operation, the District may impose such additional charges as are necessary to reimburse the District for its actual costs of producing the records.

Reduced Fee or Free Copies: Whenever the Fire Chief determines that furnishing copies of public records in the District's possession at a reduced fee or without costs would be in the public interest, the Fire Chief may so authorize ORS 192.440(4).

AUTHORIZATION REQUIRED FOR REMOVAL OF ORIGINAL RECORDS

At no time shall an original record of the District be removed from the District's files or the place at which the record is regularly maintained, except upon authorization of the Board of Directors or Fire Chief.

Silverton Fire District

Board Manual

ON-SITE REVIEW OF ORIGINAL RECORDS

If a request to review original records is made, the District shall permit such a review provided that research fees are paid in advance in accordance with paragraph F.4 above. A representative shall be present at any time original records are reviewed, and the charges for standing by while the records are reviewed shall be the same as the charges for searching or reviewing records.

UNAUTHORIZED ALTERATION, REMOVAL OR DESTRUCTION OF ORIGINALS

If any person attempts to alter, remove or destroy any District record, the District representative shall immediately terminate such person's review, and notify the attorney for the District and law enforcement.

PATIENT CONFIDENTIALITY

It is the responsibility of the District not to breach the confidentiality of a patient's medical records at any time. This applies to gaining medical information from the patient at the scene, written information on Patient Care Report Forms (PCRF), storing patient records and appropriate release of patient information and other applicable laws.

RELEASE OF PATIENT INFORMATION

The pre-hospital care report is considered privileged information and shall be treated as such. Access to same, upon completion, will be restricted to authorized staff only (treating medic personnel, EMS Officer, Training Officer, billing staff, supervising physician).

PHCR or detailed information concerning patient medical history shall not be copied except as required for CONFIDENTIAL quality improvement review EXCEPT that:

- *The patient's legal representative, upon written request/release signed by the patient*
- *The patient's legal guardian (with proof of guardianship and identification) or a written request from the legal guardian, along with proof of legal guardianship*
- *Person providing a subpoena for the record*

The District will cooperate within the above limits as much as possible to assist law enforcement investigative efforts; however, law enforcement agencies shall not be exempt from obtaining a subpoena for copies of the records. Law enforcement personnel may be given patient name, age, DOB, address, and relevant information verbally from the PHCR.

**POLICY 105: DUTIES, RESPONSIBILITIES, & GOVERNANCE
OF THE BOARD**

Originated: October 14, 2014

Revised: March 14, 2023

Reviewed: March 14, 2023

PURPOSE

This policy is intended to outline and describe the responsibilities, authority and obligations Board members fulfill in the operation of the District. While some responsibilities are of a legal nature, others are not. Many duties overlap but the clear lines of responsibility and authority must be understood to prevent duplication of efforts and promote efficient operations.

DUTIES AND RESPONSIBILITIES

MEETING THE NEEDS OF THE DISTRICT

It is the policy of the Board of Directors to exercise those powers granted to it, and to carry out those duties assigned to it by law, in such a way as to best meet the needs of the District.

FORMULATION AND INTERPRETATION OF DISTRICT POLICY

Board Members only have the right and responsibility to participate in Board meetings and vote on District matters as part of the Board. The most important activity of the Board in performing this responsibility is the formulation and interpretation of District policies. To this end, the Board shall establish policy, reserving to itself all authority and responsibility not directly assigned to other District officers and personnel.

MANAGEMENT AND COMMUNICATION BETWEEN BOARD AND STAFF

The primary responsibility of the Board is to make policy level decisions for the District. Management of the daily operations and staff is the responsibility of the Fire Chief. Unless otherwise authorized by a quorum of the Board, no individual Board member may direct or order a staff member on any matter that relates to the daily operations or administrative activities of the District. Moreover, unless otherwise authorized by the Board, no individual Board member may order, direct, or conduct any review of personnel records of any staff member or any other record that is exempt under Public Records Law.

BOARD MEETING CONDUCT

The Board President shall preside at Board meetings. In the President's absence, the Vice-President shall preside. If both the President and Vice-President are absent, any other member of the Board may preside. Board members shall be respectful of one another and follow the direction of the Chair. They should avoid personal attacks and keep discussions on policy, not individuals. Meetings shall be conducted in such a manner as to provide a full and fair opportunity for discussion of the issues in an efficient and

Silverton Fire District

Board Manual

timely manner. Any decision of the President or other presiding officer at the meeting may be overridden by a majority vote of the Board.

BOARD MEMBERS AUTHORIZED BY OFFICIAL BOARD ACTION ONLY

Board members have no individual powers separate from the powers of the Board and have no authority to act individually without delegation of authority from a quorum of the Board. Likewise, no individual Board member may speak for or on behalf of the Board or District, except as authorized to do so by official Board action as recorded in the official minutes, guidelines, or policies of the District.

ETHICAL STANDARDS

Board members act as representatives of the citizens of the District. Therefore, Board members shall adhere to the highest ethical standards in the conduct of District business. As public officials they are required to comply with Oregon Ethics Laws. Each Board member should be provided with a copy of the Oregon Government Ethics Commissions *Guide for Public Officials*.

BOARD MEMBER EDUCATION

In order to effectively carry out their duties, Board members must be adequately informed. Members are encouraged to attend such conferences and other training programs as the Board may authorize.

DISCIPLINE

The Board has the right to enforce its rules and expect ethical and honorable conduct from its members. The Board will make every effort to resolve an issue by speaking to the individual privately. Should disciplinary action need to be taken, the following actions may be considered:

- A motion that the member must apologize;
- A motion that the member must leave for the remainder of the meeting;
- A motion to censure the member; or
- A motion to suspend a member's rights for a designated period of time.

GOVERNANCE

COMMUNICATIONS

- Develop regular channels of communication with Board members and staff.
- Encourage participation of staff members on appropriate committees.
- Invite non-Board members, other local governments, and groups to Board or committee meetings or other types of Board sponsored assemblies to explore and develop approaches to common concerns.

Board Manual

POLICY 106: BOARD MEMBER ETHICS & CONFLICTS OF INTEREST

Originated: February 1, 2016

Revised:

Reviewed: March 14, 2023

PURPOSE

The purpose of this policy is to establish ethical standards of conduct for all district public officials in accordance with Oregon Government Ethics law.

FINANCIAL GAIN

No Board member will use his/her official position or office to obtain personal financial benefit or to avoid financial detriment for him or herself, relative or household members, or for any business with which the Board member, a household member or a relative is associated.

This prohibition does not apply to any part of an official compensation package, honorarium allowed by ORS 244.042, reimbursement of expenses, or unsolicited awards of professional achievement.

GIFTS

No public official shall solicit or accept a gift or gifts with an aggregate value in excess of \$50 in a calendar year from any single source who could reasonably be known to have a financial interest in the official actions of that public official. The \$50 gift limit applies separately to the Board member, and to the Board member's relatives or members of household, meaning that the Board member and each member of their household and relative can accept up to \$50 each from the same source/gift giver.

A gift is defined as something of value given to a public official, for which the official does not pay an equal value. Gifts of entertainment are included in the \$50 gift limit.

This does not mean that an official cannot receive any gifts. The law only restricts gifts from sources that have an administrative or legislative interest in the public official's actions, and does allow the public official to receive up to \$50 worth of gifts from each source. A legislative or administrative interest means an economic interest distinct from that of the general public, in any action subject to the decision or vote of a person acting in the capacity of a Board member. In addition, unlimited gifts may be accepted from a source that does not have a legislative or administrative interest in the public official, and the public official may accept unlimited gifts from specified relatives.

CONFLICT OF INTEREST

No Board member will solicit or receive, either directly or indirectly, any pledge or promise of future employment based on any understanding that the Board member's vote, official action or judgement would be thereby influenced.

No Board member will attempt to use or use for personal gain any confidential information gained through his/her official position or association with the District.

Silverton Fire District

Board Manual

If a Board member participates in the authorization of a public contract, the Board member may not have a direct beneficial financial interest in that public contract for two years after the date the contract was authorized.

Individual Board members and the Board as a public entity are bound by the Code of Ethics for public officials as stated in Oregon Law.

Oregon Government Ethics law identifies and defines two types of conflicts of interest: actual conflict of interest and potential conflict of interest.

The difference between an actual conflict of interest and a potential conflict of interest is determined by the words “would” and “could.”

A public official is met with an actual conflict of interest when the public official participates in action that would affect the financial interest of the official, the official’s relative or a business with which the official or a relative of the official is associated.

A public official is met with a potential conflict of interest when the public official participates in action that could affect the financial interest of the official, a relative of that official or a business with which the official or the relative of that official is associated.

A public official must announce or disclose the nature of a conflict of interest. The way the disclosure is made depends on the position held. The following public officials must use the methods described below:

- Potential Conflict of Interest: Following the public announcement, the public official may participate in official action on the issue that gave rise to the conflict of interest. Abstaining from a vote does not meet the legal requirement of publicly stating a potential conflict.
- Actual Conflict of Interest: Following the public announcement, the public official must refrain from further participation in official action on the issue that gave rise to the conflict of interest.

If a public official is met with an actual conflict of interest and the public official’s vote is necessary to meet the minimum number of votes required for official action, the public official may vote. The public official must make the required announcement and refrain from any discussion, but may participate in the vote required for official action by the governing body. These circumstances do not often occur. This provision does not apply in situations where there are insufficient votes because of a member’s absence when the governing body is convened. Rather, it applies in circumstances when all members of the governing body are present and the number of members who must refrain due to actual conflicts of interest make it impossible for the governing body to take official action.
